BCI Media Group Acquires Whats on Report in New Zealand

Australia based BCI Media Group has expanded its market coverage into the New Zealand market through the acquisition of the country's premier national service Whats on Report.

BCI Media Group is the leading construction information group in the southern hemisphere, with market leading project information services in Australia (BCI Australia) and across Southeast Asia (BCI Asia). With BCI New Zealand Pty Limited (trading as Whats on Report) BCI has solidified its leadership position in the region's vibrant construction information market. Founded in 1998 BCI Media group has built an impeccable reputation as the region's construction industry preeminent provider of comprehensive timely information, impeccable customer service and cutting-edge technology. The company services well over 5,000 clients, offering state of the art online solutions to an ever growing community of satisfied users. The group has also become a leading advocate for sustainable design and green building through its highly respected architectural journal FuturArc and its coveted FuturArc Prize and Green Leadership Award.
