

Title: Exploring the opportunities - Australian Construction Market Outlook 2010/2011

Synopsis: The Australian construction market has weathered with remarkable resilience what could have been the worst downturn in living memory - or has it? BCI seeks to provide the answers in the release of their latest report 'Exploring the opportunities - Construction Market Outlook 2010/2011'. The report analyses the construction industry by state & sector, whilst also providing critical information to assist in budgeting for the 2010/2011 financial year.
